Rebekka Asbjørnsen
Senior Associate

Rebekka is currently on leave of absence.

Rebekka is part of Schjødt´s Energy, Shipping & Infrastructure department. She specialises in energy law and contract law.

Rebekka has experience with assisting Norwegian and international clients with legal advice within the energy sector, including assistance related to the regulatory framework, contract law and transactions. She also has experience with providing legal advice within the field of sanctions and export control.

She joined the firm in 2025. Prior to joining Schjødt, she worked in the law firm CMS Kluge Advokatfirma, where she specialized in energy law, contract law and sanctions and export control law. She holds a master’s degree in law from the University og Bergen and an LL.M from King’s College London in International Business Law.
