Anders Lier

Associate

Anders joined Schjødt in 2026 and works within the energy, shipping and infrastructure practice, focusing on regulatory and transactional matters across these sectors.

He previously worked at Schjødt as a project trainee and has gained experience from other law firms alongside his studies. He holds a Master of Laws from the University of Oslo. His master's thesis, addressing legal organisational structures in carbon capture and storage (CCS) activities, was awarded the Schjødt scholarship. He has also completed an exchange semester at Jean Moulin University in Lyon, France.
