Martin Støren

Partner

Martin is a partner with focus on real estate and environmental law. His principal areas of work are in real estate development projects, transactions and disputes. He frequently advises on many of the largest and most complex development and infrastructure projects in Norway, representing mostly private but also public clients in all of Norway. Martin has extensive experience in environmental law, including transaction support, regulatory issues and handling of pollution disputes.

Martin has been a lawyer since 2011 and joined Schjødt in 2007. Prior to joining Schjødt, he held various positions in public offices. He is a graduate of the Faculty of Law of the University of Oslo.

Martin is based in Oslo but shares his time between projects in different regions in Norway.
