Søren Egeberg Petersen Senior Lawyer

Søren focuses on M&A and corporate law and advises on all phases of M&A transactions, from preparation and structuring through negotiation and execution. He advises founders, Danish and international corporates, and private equity sponsors on domestic and cross-border transactions, investments and shareholder-related matters.

Most recently, Søren served as General Counsel of a private equity-backed Nordic IT group, where he advised the board and executive management on strategic matters, including M&A activities, structural matters, corporate governance and key operational issues. His in-house background allows him to deliver clear, pragmatic and commercially grounded advice reflecting both investor and management perspectives.

Prior to his in-house role, Søren spent several years in private practice, where he was among the most active M&A lawyers in Denmark. During this period, he was recognised by IFLR1000 for his M&A work.
